

PRESIDENT HAS PERSONAL AIM

Sends Panama Governor To Handle Affairs In Cuba Very Soon.

MAGOO NOT TO GO TO PHILIPPINES

Disarmament Of Cuban Army Continues With But Little Opposition-Reports From Other Sections Than Havana, Not So Good.

[BY ASSOCIATED PRESS.]
Havana, Oct. 3.—The disarming of the rebel forces in the immediate vicinity of Havana began today without any opposition. Many of the men were allowed to keep their arms, which they claimed as personal property. Special trains during the day will convey the disbanded troops homeward. No trouble is reported to have occurred in any part of the island. The preparations are being made at the palace for the reception of Governor Taft, who will establish his office there this afternoon.

Refuse Peace

Santiago, Oct. 3.—It is reported two thousand rebels in the vicinity of Guantanamo have refused to disarm. The situation here is still serious. The revolutionists continue to concentrate around Santiago.

Magoon Governor

Washington, D. C., Oct. 3.—Charles E. Magoon, until recently governor of the canal zone in Panama, is to be provisional governor of Cuba until the Cubans have re-established their government and made a fresh start. Brigadier General Punston will command the troops on the island during the American occupation. These selections by the President were made known today.

Wanted Winthrop

Secretary Winthrop, governor general of Porto Rico, to relieve him at Havana, but the President makes the point that he does not like to take Governor Winthrop away from Porto Rico for even a few months. On the other hand, it is argued that there is nothing to demand the immediate presence of Mr. Magoon in the Philippines, where he is to serve as vice governor-general, preparatory to eventual appointment as the real head of our affairs in the eastern archipelago.

Real Reason

Possibly a more potent reason underlying the selection of Magoon for

the Cuban post, however, is that he was closely associated with Secretary Root in the war department when matters were being straightened out after the Spanish war, and is not only thoroughly acquainted with the insular policy of the government in general, but particularly with the spirit that inspired the administration when the Platt amendment was adopted.

Not Magoon After All

Washington, D. C., Oct. 3, 2 p. m.—The President today decided Governor Winthrop, the present governor of Porto Rico, is to be the provisional governor of Cuba. Judge Magoon will go to the Philippines as vice governor and member of the Philippine commission.

Leaves the Fort

Chicago, Oct. 3.—The "Green" artillery in command of Capt. G. G. Galley, has left Fort Sheridan for Tampa en route for Cuba on two special trains.

Denies Story

Havana, Oct. 3.—Secretary Taft today denied he had criticized President Palma's government and characterized the situation as "disgusting" and the elections of 1905 as "rotten." As the secretary of state he has scrupulously avoided giving any interviews respecting the Cuban questions. The error arose through the faulty transmission of news over the telephone.

Bell to Go

Washington, D. C., Oct. 3.—At the President's request, General Franklin J. Bell, chief of staff, will proceed as soon as possible to Havana to consult with Taft as to the disposition of American troops.

Magoon to Go

Washington, D. C., Oct. 3.—It was announced this afternoon the President had decided to adhere to his former plan of yesterday and send Charles E. Magoon to Cuba to relieve Taft as the provisional governor, allowing Governor Winthrop to remain in Porto Rico.

GEORGIANS VOTE ON COURT OF APPEALS

New State Tribunal May be Created at Election—Democrats Sure of Winning.

[SPECIAL TO THE GAZETTE.]
Atlanta, Ga., Oct. 3.—The Georgia biennial election for governor and other state officers is in progress today. The election of Hoke Smith as governor and the other democratic candidates decided upon at the recent state primary is, of course, assured. The only opposition ticket in the field is that of the Socialists, which is headed by J. B. Osborn as candidate for governor. At the polls today voters also ballot upon the ratification of the constitutional amendments creating a new state court of appeals and expressing their preference for three judges to constitute the court. In the event the amendment is ratified, the three candidates for the judgeship receiving the largest popular vote will be declared to be the nominees. They will be elected at the general election in November.

The properties of the company are valued roughly at \$1,500,000.

ROOSEVELT'S VISIT CREATES HOLIDAY

Harrisburg and York, Pennsylvania, in Gala Attire in Honor of Chief Executive.

[SPECIAL TO THE GAZETTE.]
Harrisburg, Pa., Oct. 3.—This city is donning gala attire in anticipation of the visit of President Roosevelt, who is coming tomorrow to attend the dedication of the new state capital. The dedication promises to be the most memorable public event that has ever taken place here. Mayor Gross has issued a proclamation declaring the day a public holiday. Hundreds of visitors are expected from all parts of Pennsylvania and from Maryland, West Virginia and other nearby states.

EVERY PRECAUTION

York, Oct. 3.—Every effort will be made to safeguard President Roosevelt from all intrusion and accidents while on his visit to this city tomorrow. Beside the special protection which Mayor McCall has arranged, a squadron of United States cavalry is here to act as escort. The president will arrive here from Harrisburg at 3:40 o'clock tomorrow afternoon and will proceed at once to the fair grounds where his address will be delivered. He will start on the return journey to Washington in the evening.

LADIES ON TRAINS SMOKE CIGARETTES

Bavarian Railway System of Ladies Allowed to Smoke in "Only" Compartments.

[SPECIAL TO THE GAZETTE.]
Vienna, Oct. 3.—A new rule has just come into force on the Bavarian railway system. "On the ladies only" compartments, notices appear to the effect that smoking is strictly prohibited. It has become necessary, says an announcement issued by the minister of railways, to forbid smoking in such compartments, even with the consent of fellow-passengers, as complaints have become increasingly frequent of ladies smoking cigarettes in the compartments set apart for their use. Ladies objecting to this were in consequence compelled to seek refuge in non-smoking compartments, where they had perforce to put up with the presence of the other sex.

POSTMASTERS FROM LARGE CITIES MEET

The postmen, mapped out for the convention consists largely of discussions on improvements of the postal service in the large cities.

BERLIN WIRELESS CONGRESS MEETING

Nearly Every Country Represented—Marconi Comes From Montenegro.

[SPECIAL TO THE GAZETTE.]
Berlin, Oct. 3.—Thirty-one governments, including Mexico and several of the South American republics, are represented at the international wireless telegraph conference, which opened in Berlin today. The United States is officially represented by a distinguished delegation that includes Ambassador Charles M. Allen, chief of the signal corps of the United States army, Rear Admiral H. N. Manny, U. S. N., and John I. Waterbury of New York. Signor Marconi is present as an official representative of the government of Montenegro. Another delegate is Sunkichi Kimura, who is accused by the Slaby-Arco company of having appropriated the general Slaby-Arco ideas for the Japanese government. The main purpose of the conference, as set forth in a call issued by the German government, is to secure international action that will oblige each and all of the various wireless companies to receive and forward messages coming to them regardless of the systems which send out the messages, as the refusal to do which is regarded as a very serious matter by naval powers. Efforts will be made to find out whether there can be a wireless system arranged by which the different countries of the world can communicate with each other and whereby the messages of one country will not interfere with those of another. There are a great many minor and technical points that the conference is expected to clear up.

JOURNALIST WEDS ASTOR DESCENDENT

New York Newspaper Man Takes Bride From Prominent Family—Many Noted Relatives.

[SPECIAL TO THE GAZETTE.]
Red Hook, N. Y., Oct. 3.—In the Episcopal church here today Miss Margaret Livingston Chanler was quietly wedded to Mr. Richard Aldrich, a New York newspaper man. The bride is a great-granddaughter of John Jacob Astor and a sister of John Armstrong Chanler, who married Amelia Rives. Another of her brothers is Lewis Stuyvesant Chanler, who is the nominee for lieutenant governor of New York on the Hearst ticket.

A Washington Wedding

The wedding ceremony was performed by the Rev. Mr. Harris, rector of the church. The bride was given away by her brother, Winthrop Chanler. The ceremony at the church was followed by a small reception at the bride's country place at Barrytown.

Washington, D. C., Oct. 3.—St. John's church was the scene this afternoon of one of the largest of the early autumn weddings, when Miss Caroline Postlethwaite became the bride of Henry Ives Cobb, Jr., of New York. The bride is the daughter of the late Chaplain William M. Postlethwaite, for many years stationed at West Point. Mr. Cobb is a son of the well-known architect, Henry Ives Cobb.

CHINESE EXTORTION ATONED FOR ONCE

Severe Punishment for Perpetrators of Odd and Unreasonable Custom.

[SPECIAL TO THE GAZETTE.]
Vancouver, B. C., Oct. 3.—According to the "Shanghai Mercury" copies of which have been received here, the beggars and the magistrates in Canton enjoy a prescriptive right to exact money from every tradesman who opens a new shop, especially a pawnbroker's shop, as pawnbrokers are regarded by the people as Chinese shysters.

Recent when a pawnbroker named Fu Shung opened a new establishment near the Ching Fung bridge, a vast number of these beggars and magistrates servants were there demanding exorbitant sums from the owner. As Fu Shung had paid his license fee to the government he refused to pay the sum demanded, and reported the matter to the police, who arrested more than a score of them and brought them before the magistrate for trial.

Four of the extortioners were charged, but two ring leaders were sentenced to be beheaded, notwithstanding the fact that they were the magistrates' own servants, and the rest of them were sentenced to be put in stocks before the pawnbroker's shop and to remain there for a period of three months.

Revolutionists Become Very Daring But Are Driven Off by the Police.

[BY ASSOCIATED PRESS.]
St. Petersburg, Oct. 3.—A bold attack was made by a number of revolutionists this afternoon on the cashier of the branch custom house, but it was frustrated by the quick action of the police, who captured several of the attacking party after a full-laden during which one man is reported to have been killed.

ANOTHER VICTORY FOR HEARST SURE

Bay State Democrats Will Nominate John B. Moran for Governor.

[SPECIAL TO THE GAZETTE.]
Boston, Mass., Oct. 3.—On the eve of the democratic state convention, which is to assemble in Tremont Temple tomorrow, District Attorney John B. Moran seems assured of gubernatorial nomination. Mr. Moran has already received the nomination from the Independence League, and his nomination by the democrats will mean another victory for the Hearst organization. His candidacy has badly disrupted the democratic party in Massachusetts. The conservative element, headed by Josiah Quincy, chairman of the state committee, has had difficulty from the start in finding a suitable candidate to oppose Moran. After casting about for several weeks the conservatives decided upon Henry M. Whitney. Mr. Whitney withdrew from the campaign some time ago after it had been anticipated that former Governor William L. Douglas might be induced to accept the nomination. He later reconsidered his withdrawal and announced himself willing to accept the nomination, but he has made no contest to secure it.

MICHIGAN K. OF P.

Traverse City, Mich., Oct. 2.—The business section of this city is gay today with Pythian emblems and other decorations in honor of the Michigan grand lodge, Knights of Pythias, whose annual encampment is in progress. MORE CASH FOR
STATE SCHOOLS

STATE AID TO BE \$1,662,360—A BIG INCREASE.

STATE TAX FIGURED OUT

Amount to be Raised by Each County—Rock County is Third.

Rock county is third in list of taxes to be raised in state. Milwaukee leads with \$553,488.50. Dane is second with \$68,797.22, and Rock third with \$40,002.32. These are figures given out by Madison. The state aid for the common schools of Wisconsin will be approximately \$1,662,360 this year. This is an increase of \$100,012 over that of last year. This state aid for schools is made up of the so-called mill tax, the income on the common school trust fund, sale of certain state lands, fines for certain penal offenses, receipts from sale of escheated estates, and \$200,000 from the license fees or taxes paid by corporations.

The apportionment of the common school fund is based on the number of persons between the ages of 4 and 20 years in the state, the aid for each district being determined by the number of such persons residing within its limits.

School Costs Increase. Last year the number of persons of school age in the state was 733,522, and this year it is estimated at 750,000, an increase of 16,478. The per capita apportionment of state aid last year, based on the total number of persons of school age in the state, was \$2.10. It is estimated that it will be \$2.17 this year.

While there is some sentiment among the three members of the state board of assessment, consisting of Gov. Davidson, Secretary of State House and State Treasurer Kempf, in favor of remitting a big part of the state taxes this year because of the large amount of funds now in the state treasury, there is grave question whether the board could lawfully remit the tax prescribed for the common schools. It has never been remitted since the law providing for it was passed. It is probable that the board will levy this tax and remit that for the state university, normal schools, high schools, graded schools and interest on the state debt, which will amount to about \$1,200,000. This law provides that the state aid for common schools shall be "an amount equal to a tax of seven-tenths of a mill upon all the taxable property of the state, except corporation, property paying fees or direct taxes to the state." Of this "amount equal" to a seven-tenths mill tax \$200,000 is taken from the fee paid by corporations and the remainder is derived from a tax levied on the general taxable property of the state, exclusive of the corporation property mentioned.

County Taxes to Be Secured. The state tax commission recently fixed the value of the general taxable property of the state at \$2,248,000,000. A tax of seven-tenths of a mill on this would be \$1,573,600. Of this amount \$200,000 comes from the corporation fees, leaving \$1,373,600 to be raised by state tax, if one is levied. It has been figured out in the secretary

A Reasonable Plea
For the Stomach

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work—Especially When It Costs Nothing to Try?

Not with drugs but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and secretion of hydrochloric acid, it is acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion, and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands, and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself, at a city chemist's shop for the purpose), and find them to be pure, and of the highest quality.

John R. Brooke, F. I. C. F. C. S. There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the recommendations of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases originating from improper dissolution and assimilation of foods, because they are thoroughly harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy, one grain of these tablets being strong enough (by test) to digest 3,000 grains of steak, eggs, and other foods. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

Ask your druggist for a fifty cent package or send us direct for a free trial sample package and you will be surprised at the result. F. A. Stuart Co., 64 Stuart Bldg., Marshall, Mich.

Cooper is a stranger who was given employment at the cafe about two weeks ago.

KICKERS' KOLUM

Primary Election Law.

To the Editor: The primary election law was created to prevent the minority from choosing candidates and controlling the elections. (So the creators of the law asserted and proclaimed to the electors that under the workings of the primary law the majority of the electors will rule and choose their officers for the various offices for counties and state. September 4th we gave the law its first test election. It resulted in about one-fourth of the voters voting to nominate candidates for the various offices, three-fourths of the voters did not vote at the primary and now comes the proclamation of Mr. Connors, candidate for lieutenant governor and chairman of the State Republican Committee, that no independent candidate shall be recognized at the election but shall be treated as a renegade, that no speaker will be permitted to speak during the campaign without first pledging himself to work for the election of every candidate on the republican ticket. Section 20, chapter 288, Laws of 1893, provides that candidates may run independent of party by securing one per cent of the entire vote at the last general election. That law was created to prevent minority rule in selecting candidates. The motive for its creation being the same as that declared for the enactment of the primary law, viz., to prevent the minority rule in politics. I think the primary law has no superiority as to merit over the law referred to relative to candidates running independently. But if the three-fourths of electors that did not attend the primary election create an independent ticket the one-fourth that did attend said election to nominate candidates will declare them to be renegades and not worthy of recognition. In that event the one-fourth assume to be the majority and the three-fourths become the minority. When we strike the keys of the primary election law it rings out that we have had the primary election and have demonstrated that one-fourth of the electors are the majority and that three-fourths of the electors are the minority and they must bow submissively to the one-fourth rule on pain of being declared outcasts especially if they dare to put an independent ticket in the field in opposition to candidates nominated at the primary election on the 4th of September.

To the electors, what do you think of the primary election law? The voters in trying to understand its intricacies have questioned the attorney general so far out to sea that he is no longer in "range or sound of their voices" and there is about as much confusion among the electors as there was among the citizens of San Francisco after the late earthquake and conflagration. To the electors of the primary law, please state to those in office who opposed the law, "Why do you oppose the law? You are in office and if this it has been said that some of them law goes into effect you can remain in office as long as you live. Your enemies cannot put you out." Now, it is that time, do you electors wish to create and keep in operation a machine that will enable your enemies and the enemies of your government to remain in office in spite of the electors' efforts to remove them as long as they live?

Yours truly,
H. H. BLANCHARD,
Janesville, Wis.

WHY GROWTH HAS
BEEN VERY SLOW

HIS HONOR TELLS WHAT CAUSES LACK OF CIVIC GROWTH.

MAYOR HUTCHINSON TALKS

Speaks Out in Meeting on a Subject Interesting to Every Loyal Citizen.

Mayor Hutchinson has spoken out in meeting. He has told in an interview with a "Milwaukee" newspaper correspondent what the matter is with Janesville. He has openly stated facts that have formerly only been whispered. He said:

"Many wonder why Janesville does not show a greater growth," says Mayor J. T. Hutchinson, four-term mayor of the city.

"On explanation is to be found in the fact that for many years Janesville was located on sidetracks. It was not until Janesville people put their hands into their pockets and assisted in the construction of the Janesville and Southeastern line to Libertyville, Ill., that the Milwaukee road was given a through line and began first class service through Janesville to and from Chicago."

The Northwestern branch of the Northwestern through route to Minneapolis and Duluth. So far as service to and from Milwaukee is concerned we are still on stub-end lines with both roads.

Bonded Debt \$140,000. Janesville's assessed valuation is about \$10,000,000 and our bonded indebtedness is \$140,000, principally for schools and the city hall, although there are outstanding some \$17,000 in bridge bonds for the Court street bridge.

Our city hall, completed about five years ago, was to cost \$45,000, according to the contract, but we were forced for extras until it ran up to \$70,000. We had nearly the same experience with our splendid high school building—but the men who were in on it are not with us now and perhaps it is better to say no more about it.

Retired Farmers. Another reason for Janesville's tendency to stand still so far as increase in population is concerned, is perhaps to be found in the large number of retired citizens who settle down here. Farmers, grown rich in tobacco raising or general farming, come to Janesville to spend their later years. There are many such and our banks show heavy deposits. They are not to be tempted into new enterprises, which would benefit the city and create a demand for more labor here, thereby causing a growth in population and general prosperity.

Doing Well. Our manufacturing enterprises are all doing well. Chief among them is the Janesville Machine Co., which employs from 250 to 300 men in the busy season, and turns out all forms of agricultural machinery. They there are the barbed wire works, which employ fifty or sixty men the year around, the Rock County Sugar Co., which will employ about 250 men well along in the winter, the Rock County Cotton Mills, another prospering concern, two furniture factories, etc. The beet sugar factory, which was moved over here from Michigan, means another source of wealth for the farmers, many of whom are turning their attention to beet cultivation.

All Favor Milwaukee. We all like Milwaukee here and would appreciate an improvement in the train service which would place Milwaukee on an equality with Chicago, so far as traveling facilities are concerned. It is the metropolis of the state; the political and banking center of the state; the Masonic headquarters of the state, and the Odd Fellows, of which order I am a past grand patriarch, also meet there much of the time, so, many delegates would swamp any other city in the state.

STARTS FACTORY ON MONDAY NEXT

MANAGER OSBURN SAYS CROP IS
MATURING NICELY.

IT IS TO RUN INTO FEBRUARY

Some Five Hundred Hands Will Be
Employed in Field and Factory
for Months.

For the next four months the Rock
County Sugar company will have a busy
place. Starting on Monday next with
in the neighborhood of three hundred
and fifty employees in the factory it
self and some two hundred in the beet
harvest fields it will run into Febru-
ary night and day. It had been ex-
pected to open the factory on Sep-
tember 25th, but the beets were not in
condition for harvest at that time and
the date was set over until October 1.
When this date arrived it was found
that crops were still green and next
Monday is the date now set for the
first run of the big machines.

Ideal Weather
"This weather is ideal for the beet
crop," said Manager Osburn. "The
cool nights and warm days are bring-
ing them around into shape in the
best possible manner. There was
some talk of blight, but this was all
due to the fact that the farmers had
stopped cultivating the beets and the
earth had become dry and baked, not
allowing any moisture or air to reach
the roots. As soon as they stirred
up the beets the plants began to
mature rapidly."

Many Employees
"A week more of this weather will
mean much to the farmers by increas-
ing the saccharine quality of the crop.
We shall start with some three hun-
dred and fifty men in the factory on
Monday and already have over two
hundred in the field harvesting the
crops. Loading and unloading, and
weighing at the different stations. Of
course the total number of men em-
ployed at first will depend upon the
amount of beets delivered."

Already Started
"The delivery of beets has already
started and several carloads and nu-
merous wagonloads have been deliv-
ered at the factory. The factory has been
entirely gone over during the past
summer and is ready to handle the
fifty thousand tons of beets it expects
and turn the vegetable matter into
some ten million pounds of sugar. It
is estimated that the present crop will
be the largest of any year since the
factory was built and they come from
fourteen counties in northern Illinois
and southern Wisconsin."

Signing Contracts
"Already many of the farmers are
signing contracts for the coming
season. This is unusual, but shows
the growth of the sugar beet industry
in Wisconsin. Accommodations for
many of the employees have been found
for them at the factory itself and in
the immediate vicinity, although many
will have to find boarding places in
other parts of the city."

FIFTIETH YEAR OF WEDDED HAPPINESS

Was Celebrated by Mr. and Mrs. J.
T. Silverthorn of Footville on
Friday Last.

(Contributed.)
Mr. and Mrs. J. T. Silverthorn of
Footville, celebrated at their home,
Friday afternoon, September 28, the
fiftieth anniversary of their marriage.
For half a century they have trod life's
pathway together and the few thorns
they have encountered have been sil-
vered thorns. There were five children.
Mrs. Mina Downing, Mrs. Elta Pepper,
John, and Bert are still living. Miss
Emma Silverthorn died many years
ago. Their only grandchild is little
Marjorie, daughter of Mr. and Mrs.
Bert Silverthorn.

Eighty guests were present at the
celebration. Among those from abroad
were Mr. and Mrs. John Silverthorn
and Mrs. A. S. Ellwood of Denver,
Colorado. Messrs. S. D. and Fred
Gooch of Oakland, Cal. and Mrs.
M. Downing of Milton. Many more
were expected to be present, but were
debarred by the inclement weather.
Despite the clouds and rain all was
shining within the home. The house
was beautifully decorated with the
flowers of the season and the stars
and stripes and sweet music was dis-
coursed by the Footville orchestra
during the serving of the delicious
anniversary supper. Mr. and Mrs.
Silverthorn were presented with many
beautiful tokens of the high regard in
which they are held by relatives and
friends.

CHAUTAUQUA THIS SEASON MADE \$400

Treasurer's Report Made at Meeting
of Board of Directors Last
Evening.

Five directors of the Janesville
Chautauqua Association met General
Manager Harry M. Holbrook of Oak
Park, Ill., last evening and an im-
portant business session was held.
The report of the treasurer was made
and the program for next year discus-
sed. The Assembly this year earned
in the neighborhood of four hundred
dollars. According to contract half
of this went to Mr. Holbrook and
half into the treasury of the Associa-
tion. These receipts were practically
the same as in 1905 and so the As-
sociation has on hand between three
hundred and seventy-five and four
hundred dollars, having expended
twenty-five dollars for pews from the
old Court Street Methodist church.
The prosperity of the enterprise
brings congratulations from all sides
to those who had to do with the man-
agement and future success is assur-
ed. President W. A. Gobel was not
present last evening and Vice Pres-
ident J. H. Jones presided.

The Fire and Police Commission
will meet Wednesday, Oct. 3rd, at
7:30 p. m. to examine those wishing
positions in fire department and police
force. Blank applications to be ob-
tained at office of city clerk, chief of
police and chief of fire department.

AUTUMN WEDDING AT HIGH NOON TODAY

Senator John M. Whitehead Gave
Away Miss MaBelle Angell as
Bride of W. Charles Cannon.

Rivalling in beauty and impressiveness
a rose ceremony in June, was the
pretty autumn wedding of Miss Ma-
Belle Angell of this city and W.
Charles Cannon of Boston, Mass., to-
day. The marriage occurred at high
noon at the home of the bride's grand-
parents, Mr. and Mrs. A. J. Ingersoll,
152 South Jackson street. The bridal
party stood before the bay window in
the parlor; Rev. Robert C. Denison
reading the symbolic ring service.
Mr. Herbert Holme served the bride-
groom as best man and the bride's
cousin, Miss Maude Bentley Brecken-
ridge of Sioux City, Iowa, was maid
of honor. Senator John M. White-
head, a valued friend of the family,
gave away the bride. Mr. Ingersoll
being in too feeble health and another
close relative, Mrs. E. C. Smith, sister
of Mrs. Ingersoll, being unable
to be present at the result an ex-
tended illness. The room was bril-
liantly decorated with wreaths of var-
icolored vine-foliage and clusters of
gorgeously-lit mountain ash, ber-
ries. The wedding luncheon fol-
lowed, being served by Mrs. Boverman
as caterer. Among the guests, who
were not a large party, including only
the relatives and more intimate
friends, were: Dr. W. H. Slacer and
Miss Ada Marie Slacer, uncle and
cousin of the groom, from Buffalo, N.
Y.; Miss Bigley of Chicago; Mrs. W.
B. Noyes of Madison; Mrs. Wood of
Chicago, aunt of the bride; and Mr.
Gust, a friend of the groom. Gifts
were numerous and beautiful and
came from near and far, and many
letters and telegrams of congratula-
tions were received from distant
friends, notably Mr. W. W. Brecken-
ridge of Sioux City, Iowa; uncle of
the bride; Mrs. P. A. Chapman of
Denver, Colorado, cousin of the bride,
and Mrs. Jessie Larabee of Leroy,
Iowa. Miss Orent of Santa Paula,
Calif., Mr. and Mrs. A. M. Ingersoll
and Mr. and Mrs. Herbert Griggs of
Tacoma, Wash.

Miss Angell has been bred and edu-
cated in Janesville and local musical
circles will miss her voice in choir
and musicale, where as a solo singer
she has been much appreciated. The
best wishes of her townspeople will
be extended to her. Mr. Cannon is
state deputy supreme chief of the
Tybke of Ben Hur and has been in
the city some time, making for him-
self a large place in the good will
and esteem of Janesville people. He is
a graduate of Harvard university, class
of 1900. His work is establishing
branches of his order in this state, with
headquarters at Janesville. Mr. and
Mrs. Cannon contemplate returning to
Janesville in December.

360 ENROLLED AT THE HIGH SCHOOL

Larger Number of Pupils Than in
Several Years—2,265 Attend-
ing Public Schools.

There are three hundred and eighty
pupils enrolled in the high school now,
the end of the first month of school.
This is a larger number than in many
years past. This 380 added to the
1,885 attending the graded schools
makes the total enrollment of the pub-
lic schools 2,265. The school census
showed there are 4,004 residents of
the city of school age. The differ-
ence in these figures is explained as
follows: the state stipulates all per-
sons between four and twenty as be-
ing of school age; many of these are
too young to enter, others have finish-
ed and still others are attending
boarding schools, academies or col-
leges; there is also a large number
who leave school books when they
reach the age of sixteen, which al-
lows them to work and others over
fourteen who work under a permit.

GIRL UNDER FIFTEEN MARRIED HERE TODAY

Both Bride and Groom Came from
Seward, Winnebago County,
Illinois.

William E. Boyer and Merle Pat-
rick of Seward, Winnebago county,
Illinois, secured a marriage license
and special permit at the courthouse
this morning and were married by
Judge Reeder, with the young woman's
father and several others as wit-
nesses. The bride is but fifteen years
of age and was still in her short
trunks. The written consent of the
father, Alfred Patrick, was affixed to
the application for a license. A li-
cense was also issued today to Jen-
nie Fallon of Beloit and Patrick J.
Belger of Chicago.

people were present and the even-
ing was very pleasantly spent in
games and music. The customary gifts
of tin were showered on the host and
hostess.

PRIMARIES COST EIGHT MEN \$873

Two Candidates Invested Over \$200
and Three Parted With \$100 or
More in Recent Campaign.

Statements of election expenses of
all who were candidates for office at
the recent primaries must be filed by
tomorrow. Those failing to comply
with the law lay themselves liable to
a fine of from \$50 to \$500. The county
clerk is required to have printed in
the county paper a list of the delin-
quents and to give a duplicate list to
the district attorney on whom it
then becomes incumbent to prosecute
the offenders.

Some Big Expense Accounts.

Thus far only a few of the candi-
dates have filed their accounts with
the register of deeds. Several of
them show expenditures of consider-
able magnitude, with the printing of
leaflets as the largest item. Beneficiaries
John E. Fisher, republican candidate
for district attorney, expended
\$121.75. About \$121 of the amount
was for printing announcements, cir-
culars, etc. Clear's cost him \$5.50, and
postage \$19. Ward A. Stevens, candi-
date for the republican nomination
for clerk of court, expended \$268.98.
Liversies in Janesville, Deloit, Clinton
and Milton received \$52.50 of the
amount and over \$112 went to the
printing offices. Postage cost him
\$17.50. Jesse Earle, candidate for the
same nomination, spent \$358.77.
About \$100 of the amount went to the
printing offices, \$25 to the post office,
and the keeping of a horse, for two
months, at the \$12.00. Charles
Kline of Beloit, another republican
candidate for the same nomination, is poorer by an
even \$100. He spent \$25.50 for
printing \$18 for livery hire, \$20 for
railroad fare, and \$33.50 for miscel-
laneous needs and expenses. H. H.
Blanchard who ran against John L.
Fisher for the nomination for district
attorney invested \$100.54 in the cam-
paign. \$66.30 went to the printing
offices and \$32.24 to the railway com-
panies.

One Under No Expense.

Claude J. Hendricks captured the
democratic nomination for district at-
torney with no expense whatsoever.
Howard Lee, republican nominee for
county clerk, expended \$9.51. He in-
vested 75 cents with the U. S. gov-
ernment, and the balance with the
printers. C. H. Wadsworth, republican
nominee for register of deeds, was under
an expense of \$10.15. All but
\$17.50 of the amount went to the pri-
nters. The republican nomination for
county treasurer cost Oliver P. Smith
\$11.06. All but \$3 of the amount was
devoted to journalism.

You ask us why this well
dressed man
Stands with rapture, cane in
hand;
His gaze is fixed, his trousers
creased,
His joy is swelling, say the
least
His rapture comes from
"Record Flour."
Its bread "Makes happy every
hour."
How large the sack to him
appears,
His dream extends thru fu-
ture years.
He knows his darling, sweet-
est May,
Has already set the day,
Has set the day, has set the
hour,
When just they two will use
this flour.

Thanks for the many new
accounts opened during the
last month with "Best on
Record Flour." Call again.
